Proposal for filling up the post of ...

Reference: Your letter No.437 dated 15th June 1950

I have to state that there are no suitable pleaders from the Muslim, Non-Brahmin or Backward class communities available for filling up the post of the District Government Pleader and Public Prosecutor,Kanara.

Shri B.S.Mavinkurve(Government pleader) and Shri P.S.Kamat have applied for the post. Their applications are enclosed. Both are Brahmins. Shri Mavinkurve's term of appointment expires on 27-8-1950. He is hard-working, studies his cases well and his advocacy is allright. I have not seen the work of Shri Kamat. In my opinion, Shri Mavinkurve is suitable for the post. I therefore recommend that he be appointed District Government Pleader and Public Prosecutor Kanara for a further period of three years.

Besides criminal Sessions and criminal appeals and revisions, Shri. B.S. Mavinkurve has appeared in my Court in Civil appeals, original Suits and applications. Undoubtedly he has an infinite capacity for labour. He Studies his cases well and puts them forward neatly.

Shri. P.S. Kamat has conducted one Session Case and not a few criminal appeals before me. He has argued a large number of civil appeals and conducted original Suits and other matters before me. He is also painstaking and knows his job well. He too argues well. I have nothing to say against anyone of them and I find it difficult to say who is superior to whom.

Subject:- Appointment of a Public Prosecutor and Government Pleader for the Kanara District.

Sir,

The triennium of the present Public Prosecutor and Government Pleader of our District is ending in the near future. At this juncture I feel it proper that I should offer my services to the Government of our Province for this responsible post.

I am in my fifty-second year and have put in a practice of twenty-one years at the bar in this district. I had to join the Bar somewhat at an advanced age as there was a break in my educational career on account of my having joined the non-co-operation movement in 1921.

Even after I joined the Bar I have been contributing my mite by serving on various public bodies like the Congree Committee, Prohibition Committee, Supply Committee, District School Board etc. I have also been a legal adviser to the Land Mortgage Bank and some other local Banks.

At the Bar I have been able to get work and varied experience both on Civil and Criminal side in the lower and higher forums in the district.

Just as I had to offer my ungrudging services to the people by defending them in the Courts and otherwise in opposition to the then Government during the national struggle I feel, in the same way, I should

offer my services to the Government now if an oppertunity be given to me. Hence I hereby offer my services for the post of the Public Prosecutor and Government Pleader of our District for the coming triennium.

Your most obedient servant

Karwar 4-7-1950 Ghamah

Respectfully submitted through the District Magistrate, Kanara, and the District Judge, Kanara, Karwar.

To

The Honourable Minister for Law,
Bombay State.

Application submitted by B.S.Mavinkurve,
District Government Pleader and Public
Prosecutor, Kanara.

Karwar, dated 2-2-6-1950.

May it please the Honourable Minister,

I was appointed as the District Government Pleader and Public Prosecutor of Kanara in August 1947. I took charge on 28-8-1947. Therefore the 3 years period will terminate on 28th August next.

II. Oridinarily, the period is extended if the work is found satisfactory and if there is no bar of age limit. I am now aged only 51 years. I believe that I have worked during my term satisfactorily both as Public Prosecutor and District Government Pleader.

III. My predecessor Shri Chandavarkar, who was appointed in 1938, obtained extensions thrice upto 1946, He had passed the age limit by that time.

IV. Similarly his predecessor Shri M.T.Shetti got extensions thrice. I learn that similar extensions have been recently granted in Dharwar and other districts.

V. However, to enable the Honourable Minister to decide the question of granting the extension, I am placing some relevant facts for his kind consideration. They are as below :

1. During this period my appellate practice in the District Court work has considerably increased.

2. As Public Prosecutor I have handled every case carefully after studying it in detail. Percentage of success in cases handled by me has been very high.

9 9

3. Formerly, about 3 to 4 cases used to be referred to the District Government Pleader for his legal opinion every month. But due to the enactment of several new Acts and also the introduction of the Supply Branch and due to the Tenancy Problem giving rise to knotty questions of law, there have been on an average not less than 25 to 30 cases referred to me every month for legal opinion during my term.No fees are charged for such cases. They are sent to me either by the District Magistrate or by the Heads of the other departments. They usually involve questions of complicated nature and at times the proceedings are very bulky. Yet I have always handled these cases with care and promptitude.

4. Due to the appointment of Resident Magistrates under the direct recruitment system from amongst the members of the Bar and also due to some other reasons, there have been sev-eral cases of discharge and acquittal orders.On an average 4 to 5 cases come up every month forms recommending appeals against orders of acquittal. After fully & studying the whole record I have recommended about a dozen cases every year for filing such appeals. The Government have accepted my recommendations in some of these cases. The first case recommended by me after taking charge, succeeded in the High Court and the order of acquittal was set aside.This case has been reported in 50 Bombay Law Reporter at page 379. No remuneration is charged for such work.

5.I have filed about a dozen revisional applications under section 436 Cr.P.C. in the cases wrongly discharged by the Magistrates. I have already succeeded in some of these cases and retrial has been ordered by the Sessions Court. Thus I have done my best to see that real offenders do not go scotfree.

6. In addition to all this work, I have ungrudgingly extended my free advice to Police Prosecutors and Investigating Officers. I addressed the latter for an hour in the Presence of the D.S.P. I pointed out the usual mistakes committed during investigations and recording of confessions etc. and advised them to avoid improbabilities

in developing prosecution cases. I have depicted to them the results of adding colour to true facts and advised them to stick to true facts. They were also addressed specially on prohibition work. Many P.S.Is including Dy.S.P. of the C.I.D.department have come to me on a number of occassions seeking legal advice during investigation. As a Public Prosecutor I have thus tried to raise the standard of investigation by such co-operation and guidance extended in proper time.

7. Whenever any technical mistakes came to light, while arguing criminal appeals or during Sessions trials, whether committed by the Police Prosecutors or the Magistrates, I have moved the D.M. and the D.S.P. to issue Circulars for future guidance to avoid repetition of such mistakes.

8. Whenever it came to my notice that the Police Patils or the Talatis (Shanbhogs) had failed to help the prosecution but on the other hand had identified themselves with the defence, I have reported such cases to their superiors.

9. Whenever I found that important prosecution witnesses had turned hostile and failed to speak the truth, in important cases, as a result of which such cases failed, I have moved the courts to sanction prosecution against such persons for perjury, so as to maintain sanctity of oath and enforce the duty to speak the truth.

VI. I have thus tried my level best not only to maintain a high standard of success in the cases conducted by me but I have discharged my duty to raise the standard of success by taking such precauthonary measures as shown above.

VII. In addition to my work as a Public Prosecutor I have been doing public work in the following spheres:

" 1. <u>Organiser of Home Guards</u>:

At a time when the district officers had reported to Government that it was notpossible to launch the Home Guards movement in our District, I undertook the work and with the co-operation of local officers and public workers, I organised 7 Centers upto end of 1949 and 3 more centers have been opened in 1950. The total strength of Home Guards now comes to about 500 in the District.

13 15

2. Selection Committee Member:

I was appointed by the Government as one of the selection committee members and the appointment has been renewed every year. We have done our best to enroll as Home - Guards only such youths of good moral character as are anxious to serve the public.

3. Staff Officer Prohibition:

As none came forward to undertake this difficult task of honorary work, I had to accept this post as well. I have collected detailed information regarding Centres of distillation of liquor, centres of import of liquor, names of importers and of distillars, dealers, and stockists of liquor. I also collected the detailed information regarding the modus operandi followed in each centre. Information collected from all the centres has been placed before the D.S.P. and Commandent General of Home Guards, Bombay, through the District Commandant. I have submitted my detailed report giving suggestions for effective control of liquor traffic and submitted these reports to the Commandant Genral, Director of Prohibition and others.

4. Prohibition work :

Prohibition Home Guards have been trained in each centre and they are putting forward actual work of detection of Excise Crime. About 100 Home Guards were trained for this work in the camp opened at Karwar during last Winter and about 40 Home Guards at Sirsi during last Summer. I addressed the Sirsi Home Guards on 4 nights between 9-30 to 11 on prohibition work. The detection of prohibition cases started last year and hundreds of cases have been detected by this time either by the Home Guards themselves or by the police with the help of the Home Guards , on the strength of information collected by the Home Guards. Generally very little attempt is made to expose rich people involved in liquor traffic but I have collected the detailed

15 15

information regarding such rich and big offenders and I have taken care to see that they do not escape from clutches of Law. I was engaged by the D.M. to conduct a case of distillation in which the Patil of Onikeri, paying assessment of Rs.3000/- was involved as an accused. Although he tried his level best to tamper with the witnesses I succeeded in getting him convicted. The conviction was confirmed in appeal. Careful watch has been maintained in all Centres. I have visited notorious centres of liquor traffic and addressed the youths to co-operate in the prohibition policy. I have succeeded in enrolling batches of local youths who collect information after carefully watching the culprits. Such information is brought to the Home Guards who effect the raids ~~thm~~ immediately. On an average there have been about 15 cases every month detected by the Home Guards throughout the District. I have been personally supervising this work. Monthly reports are being sent to the Commandant General and the D.S.P. of such work done by the Home Guards.

5. Grow More Food Campaign:

I launched the grow-more-vegetable campaign amongst the Home Guards. Seedlings were got prepared and distributed to the majority of the Home Guards. They have been also distributed to other Citizens as well. I have moved in some villages explaining the benefits of mixture manure to the ryots and induced them to try it. I have also encouraged the villagers to try new samples of seeds, as they are generally averse to give up their conservative ideas and I have also induced them to take to new methods.

6. Remand Home :

As a member of the Remand Home Committee I have not only collected financial help but I have also picked up orphans and brought them to the Remand Home from taluka places. Some of the girls are now being educated at Hingne near Poona and some of the boys are in Hubli and Belgaum schools.

7. Industrial Co-operatives:

As an organiser of the Industrial Co-operative Association appointed by the Provincial Co-operative Association of Bombay I have organised such societies amongst shoe-makers,

17 17

fisher men and other down trodden classes.

8. Other Miscellaneous activities:

During the last 3 years I have also worked as :

" 1.Member of District Prohibition Committee.
2.Member of the recruiting Committee.
3. Member of the Finance Committee for the Eye Campaign.
4. As president of Hindi Prachar Sangh hundreds of boys and girls are being trained in Hindi and sent up for the examinations held in every 6 months by the Madras School.

VIII. Thus I have utilised my spare time for all such public work. Although I had to give up all my activities in the political field as a Congress-man, mentioned in my last application, I have continued to work in non-political spheres. I have maintained Mass Contact and done my best to serve the public.

IX. I may please be excused for pointing out that it is impossible to earn a decent living at Karwar, as a private practitioner, without accepting prohibition cases. The civil work has gone down due to the establishment of Debt Adjustment Boards and the Tenancy Courts. I have never conducted prohibition cases for the defence as it is opposed to my principles to defend such offenders, since I have been working the cause of prohibition during the last 12 years.

X. In 1947 my appointment was supported by 3 out of the 4 representatives of our district to the Legislatures. I believe that they still support my extension. The Credentials of the rival candidates had been weighed and considered when appointing me. I believe that there will be no rival candidate this time.

XI. Taking all these facts into consideration I pray that my period may kindly be extended.

I beg to remain,
Sir,
Yours faithfully

Bhaskar Gaonkar

Advocate.

The District & Sessions Judge, for the reasons stated in his endorsement at page 3 ante, states that he has 'nothing to say against anyone of the applicants viz. S.S.

Seen. There are strong factions in Kanara in the matter of appointments of Law officers and Mr Mavinkurve has been even subjected to criticism in the local newspapers on the ground that he takes sides. I feel that criticism of this kind will continue whomsoever we

We may appoint
Mr. Mavinkurve undoubtedly
takes pains with his work, as
L.D. has found by the reports which
he makes in the matters of appeals
against acquittals. The D.J.
has found his work satisfactory;
so the D.M. too - satisfied with his
work.
The D.J. is of opinion that
there is nothing to choose between
him and the other aspirant
for the post - viz. Mr. Kamat.
In this circumstances, I would
suggest that Mr. Mavinkurve may
be continued for a further term.
